

Fifty Thousand Guardsmen Engaged on Police Details

(By Associated Press.)
WASHINGTON, D. C., Mar. 29.—The number of national guardsmen called into the federal service for industrial and other strategic points, has been brought up to 50,000. At the same time the regular first regiment of engineers, scattered along the Mexican border, was ordered back to its barracks at the capital, the navy took additional measures to hasten construction and equipment of fighting ships, and both the war and navy departments announced further efforts to hasten recruiting.

SHORTAGE OF WHEAT IN MIDDLE WEST

URGENT DEMAND FOR BREADSTUFFS TAKEN UP ACTIVELY IN NEBRASKA

(By Associated Press.)
OMAHA, Neb., Mar. 29.—Two hundred farmers, bankers, members of the Omaha grain exchange, soil experts and railroad representatives, at a meeting here, appointed a committee to secure and furnish sufficient wheat to reseed damaged winter wheat fields in the state. Reports from winter wheat counties, indicated 75 per cent of winter wheat fields in the southern half of the state has been damaged by drought to such an extent that farmers were plowing up the wheat and unable

The First Mississippi Infantry and Ambulance Company No. 1, Alabama, are affected by this provision. A supplemental order is expected to recall the First Kentucky Infantry, part of which was mustered out some weeks ago. The regiment itself has been retained in the federal service and to complete its organizations, the missing units may be brought back.

At the navy department bids were opened for a large quantity of ordnance supplies, and Secretary Daniels announced that additional bids would be opened Saturday for submarine chasers. He expects to order a large number of these small craft as soon as all ship building concerns have given the department information as to their building capacities.

The New York Shipbuilding company, the secretary also said, has been requested to speed up construction of the superdreadnaught Idaho, which was to be ready for launching by October, but a postponement has

to secure seed wheat, sowing the fields to oats and barley.

Arrangements were made with railroads for prompt shipment of wheat from Minneapolis and other cities where seed wheat is available. The wheat will be sold to farmers at cost, which is said to be \$2.50 per bushel. E. S. Westbrook was instructed to go to Minneapolis as the representative of the Omaha grain exchange and make necessary purchases of wheat.

Frank N. Heller, regent of the University of Nebraska, chairman of the meeting, said: "The situation in Nebraska is very serious. Winter wheat has been greatly damaged. We are urging farmers, as the part of patriotism, to reseed their fields to spring wheat, and not to barley or oats, for if this country should become involved in war, the nation would need all the breadstuffs farmers could produce."

For Associated Press news read the Bonanza.

been necessary. Builders of the battleships Maryland, Colorado, West Virginia and Washington also have been requested to expedite construction work and to induce more rapid work a special bonus has been suggested by the department.

Both the war and navy departments are enrolling physicians from civil life in order to expedite recruiting.

During the day Secretaries Lansing, Baker and Daniels conferred regarding the army and navy preparations. Last night Mr. Daniels left for Annapolis to preside at the graduation exercises there today of the first class of 183 midshipmen ordered into active service three months ahead of its regular June graduation. The second class, which will be called into service in September probably will be kept at the academy this summer for intensive training, instead of taking the annual cruise.

CHINESE GOVERNOR TAKES OVER THE COPPER MINES

(By Associated Press.)
YUNNANFU, Yunnan Province, China, Mar. 29.—General Tang, the military governor of Yunnan province, has been instructed by the ministry of agriculture and commerce to take over the copper mines at Tunchuan, that the government may develop them to meet the urgent needs of the country. In 1916 these mines produced more than 7000 tons of copper.

MELTING DOWN COINS TO RAISE THE VALUES

(By Associated Press.)
CHENGDU, Szechuen Province, China, Mar. 29.—The Szechuen provincial government is collecting small cash, or brass coins, and melting them down preparatory to coining ten-cash pieces. By melting the brass into coins with a greater face value, the provincial government will realize a handsome profit.

"THE LITTLE GIRL NEXT DOOR" AT THE LIBERTY

"The Little Girl Next Door" is a truly wonderful photoplay story, based upon the facts gathered by the Illinois vice commission during their late investigation. It is an expose of the hidden vice that is a revelation, and is the dawn of a worldwide charity for woman.

This picture shows the perils of a great city, with a big moral lesson, it is strong, interesting, convincing and startling, and has set the people of the eastern cities talking and yourself the question: Is my wife and daughter safe?

"The Little Girl Next Door" has been endorsed by press, pulpit, public officials and social workers.

If you are a father, see "The Little Girl Next Door," and then tell your wife what to tell your daughter.

If you are a mother, see "The Little Girl Next Door," tell your son and daughter about it. It's a wonderful story and lesson.

If you are a brother, keep an eye upon your little sister and two eyes upon her associates.

If you are a girl be careful about making new acquaintances.

Remember "The Little Girl Next Door."

This picture was originally booked by the Airdome, but we made arrangements to take it off their hands. It is a bigger picture than "Where Are My Children?" which was shown at the Airdome on March 17.

Positively no one under 16 years of age will be admitted.

I have sold my interest in Butler Shoe Shining Parlor, therefore, all orders for carpet cleaning, laying and general utility work please phone 355. LEE BELL.

And in accordance with law and an order of the Board of Directors made on the 1st day of February, 1917, so many shares of each parcel of such stock as may be necessary will be sold at public auction at 305 Bush street, San Francisco, California, on Monday, the 2nd day of April, 1917, at the hour of 2 o'clock p. m. of said day, to pay said delinquent assessment thereon, together with costs of advertising and expenses of sale.

ALFRED K. DUBROW, Secretary.

305 Bush St., San Francisco, Cal.

Do not get cheated buying that stale bread coming in this town from Reno, San Francisco and Los Angeles.

You can find a much better quality of bread at the PROGRESS BAKERY and VIENNA BAKERY, where a new first-class baker makes a bread heavier, fresher and which tastes better than any of the kind imported.

We are not afraid to say that if you try it once you cannot change it anymore.
